## ABOUT

" Arman Attarzadeh is a person who loves a challenge and cofounding a startup is definitely an indicator to that. He loves learning new skills and in a startup environment, it has allowed him to pick up management skills, project development skills, as well as community relation skills - all in a short span of a year.

## SKILLS

| Skill | Level (0–10) |
|---|---|
| Photoshop | 7 |
| Illustrator | 8 |
| UX Methodologies | 9 |
| JavaScript & jQuery | 7 |
| HTML5 & CSS3 | 9 |
| PHP & MySQL | 3 |
| LESS & SASS | 4 |

## OTHER INFO

Arman also likes to make music in his spare time under the Kerfuffle moniker, having had 2 succesful releases on global record labels. He also likes to tinker with tech stuff like deploying DigitalOcean servers for himself to develop in, or mess about with his Android devices.
